DETAILED ACTION

Terminal Disclaimer

The terminal disclaimer filed on April 25, 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of Application No. 10/334,272 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 5, 9, 15, 24, 29, 30, 34, 38, 44, 45, 49, 53 and 56 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 5 and 9 recite an unclear limitation of "said region has ... wherein said region includes ..." This does not indicate if this is a first conductivity or second conductivity.

Claims 15, 29, 44 and 56 recite an unclear limitation of "... a second sub-conductive layer ..." which should be 'a sub-conductive layer' and " between said region and ..." which should be 'said region of said second conductivity.'

Claims 24, 34, 38, 49 and 53 recite an unclear limitation of "said region has ... wherein said region includes ..." This does not indicate if this is a first conductivity or second conductivity.

Claims 30 and 45 recite an unclear limitation of "... said region is located ..." This does not indicate if this is a first conductivity or second conductivity.
